✅ TASK 01 – SEO AUDIT & OPTIMIZATION

Website Audited (Sample): www.brilliantschool.edu

Tools Used (Assumed Audit Framework):

Screaming Frog (Crawl Analysis)

Google Search Console (Index & Performance)

Google Analytics (User Behavior)

Ahrefs Free Version (Backlink & Keyword Check)

🔍 PART 1: TECHNICAL SEO AUDIT (10+ Issues Identified)

1. ❌ Broken Internal Links (404 Errors)

7 internal pages returning 404.

Fix: Redirect to relevant pages using 301 redirect.

2. ❌ Missing Meta Descriptions

12 pages missing meta descriptions.

Reduces click-through rate (CTR).

3. ❌ Duplicate Title Tags

“Home – Brilliant School” repeated on 4 pages.

Affects ranking clarity.

4. ❌ Slow Page Speed (Mobile)

Homepage load time: 5.8 seconds.

Causes high bounce rate.

Fix: Compress images, enable caching, use CDN.

5. ❌ Large Image Sizes

3MB banner image not compressed.

Fix: Convert to WebP format.

6. ❌ Missing Alt Text on Images

60% images missing ALT attributes.

Impacts accessibility & image search traffic.

7. ❌ No XML Sitemap Submitted

Not submitted in Google Search Console.

Fix: Generate sitemap and submit.

8. ❌ Robots.txt Not Optimized

Blocks important pages accidentally.

Needs correction.

9. ❌ No HTTPS Redirect

HTTP version accessible.

Security issue.

Fix: Force HTTPS redirect.

10. ❌ Poor Mobile Optimization

Text overlapping on smaller screens.

Needs responsive CSS improvement.

11. ❌ No Structured Data (Schema Markup)

No School schema implemented.

Missed rich snippet opportunity.

12. ❌ Thin Content Pages

“About Us” page only 120 words.

Should be 600+ words for authority.

📊 PART 2: PERFORMANCE INSIGHTS (Google Analytics)

Bounce Rate: 68% (High)

Avg Session Duration: 48 seconds (Low)

Most traffic from branded keywords only

No ranking for “Best school in [city]”

🔗 PART 3: BACKLINK ANALYSIS (Ahrefs Free)

Only 8 referring domains.

No backlinks from education directories.

Competitors have 40+ backlinks.
